

Oaks North #2
March 27, 2014

The Board of Directors is pleased to announce that the following nominees were elected at the Annual Meeting on March 12, 2014: Thomas Brugh, Norman Berg and Robert Finstad. All three had currently been on the Board. Officers will retain their same positions.

WATER USAGE – Please limit your water usage as much as possible. Water is the #1 item in our 2014 budget. We have budgeted \$200,000 this year – almost \$73.00 per household per month. We are assured by the City of San Diego of a 7.5% increase for 2015. This could amount to another \$5.00+ increase next year. We can mitigate the increase by conservation! Leaking toilets can cost us up to \$500 per month per household. Every gallon we are able to save will help greatly to keep our water bills lower. You have been very cooperative in the past and we just need to take our conservation to a higher level.
